Dear Co-laborers,

November - December 2011

These past two months have been a blessing. As Phillipines 4:19 states, "But my God shall supply all your need according to his riches in glory by Christ Jesus," and indeed they have been. I have been out of work for the past three months and with all your love and support my needs have been provided for. I have made visits too many new churches and have made new friendships with so many of you.

My travels are in my local area of Texas till December and then I will be moving back to Florida and be basing out from there. Last month the World Baptist Fellowship had its semiannual mission meeting in Big Spring Texas and what a blessing that was! The preaching, the music, and the people there were a huge encouragement to me. As a new missionary you have made me feel welcomed, so thank you for showing your love and support for my ministry!

I have not yet been to New Zealand, but as you may already know, I am planning an internship there in May 2012. Meanwhile while I am here in the states I am learning as much as I can about New Zealand. I am able to have contact with The Dale and Janet Brown family currently in NZ, this is the family that I hope I will be working with; I am also able to meet up with Brian and Jodel Powers, former missionaries to NZ, the Guenther family, who are on deputation as well for NZ, and the Hastings family who also are former missionaries to NZ. From these families I am learning about the people of New Zealand young and old, the history of New Zealand, the schooling system Pre-K-high school, the food, outdoor activities and the ministry work that I hope to be involved in. There is so much to learn now and it will be blessing when I am able to go to New Zealand and learn firsthand about the culture and the people.

The Lord has been providing monthly for my needs and I am grateful. Pray with me that more of God's churches and individuals can help finically. He has been showing me that he puts me where He wants me. Things may be tuff but nothing is too big for my God and I'm never too small for Him to use.

In Service to Him, Patty Bouillon

Missionary to New Zealand
